

Trouble

Intro and chords:

Am G D Am G Am

When David was a shepherd boy
He was our Father's pride and joy
He killed Goliath with a stone and a sling
And the shepherd boy became a king

(Chorus)

Here comes trouble
Here comes trouble
Here comes trouble, which way you gonna run
Do you run for cover, do you get your gun
Here comes trouble, what you gonna do
What you gonna do when it finds you

Gideon was a mighty man
Up against an army, but God had a plan
With only 300 men to fight that day
The Midian army up and ran away

Chorus

Faith with no action, leads you no where
Hands to the plow and put your faith in gear
The battle is raging, there's no where to run
We're soldiers of the Lord, so let's get in on
We're soldies of the Lord so let's get it on!

Now Daniel was a man of faith
Surrounded by lions, they sealed his fate
He trusted in God there was no way out
But the angle of the Lord, shut the lions mouths

Chorus

God said: Noah, Noah he's my man
If anyone can build it, Noah can
As the Ark went up the people laughed at him
Up until the day God sealed him in

Chorus

Faith with no action, leads you no where
Hands to the plow and put your faith in gear
The battle is raging, there's no time to run
We're soldiers of the Lord, so let's get in on
We're soldiers of the Lord, so let's get in on!

Here comes trouble, what you gonna do
What you gonna do when it finds you
